## BIOGRAPHY

I am 23 years old, I am a robotics engineer and project leader. I have been working on recruiting people for specific profiles. I have + 5 years of work experience in various positions. I love nature, open source communities and meeting new people. I built a profile of leadership and empowerment to make people the best of them. I am passionate about work, I always give more.

## EXPERIENCE

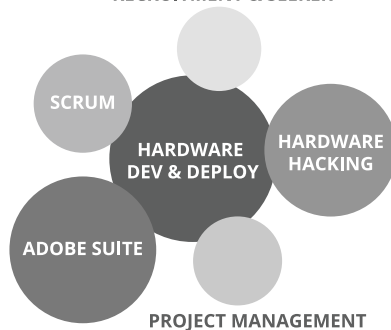

- **COO - HARDWARE PROJECT LEAD - RECRUITER**  
Flash.Beer Inc. | June 17' - April 18'  
As a COO I'm charge to planning all the operations of the company. Also I incorporated the company in USA. And I found the talent for the different projects.
- **FOUNDER - RECRUITER - PRODUCT OWNER**  
Herobots Co | May 16' - May 17'  
As Product Owner and Founder of the company, I focused in look for the right people and planning their work for the success development and the launch of the product.
- **TECH DEVELOPER - PROJECT ADVISOR - OPERATIONS**  
TadeoLAB - Art and Science Lab | June 15' - April 17'  
As Tech Developer and Project Advisor I led and guided many projects with artist and tech people. In operations I had to recruit and hiring all the staff. I also gave workshops about tech and project management.

## EDUCATION

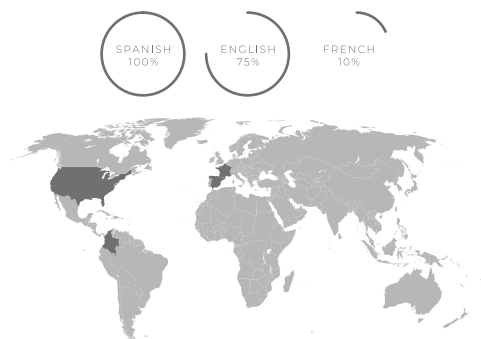

- **MAGISTER DEGREE - BIG DATA**  
University of Bogotá Jorge Tadeo Lozano | Aug 18' - Apr 20'  
I won the opportunity to teach Mathematics and study the magister degree for free.  
I planning to focus in this area because I love to manage big amounts of data and use it in robotics.
- **BACHELOR'S DEGREE - ROBOTICS ENGINEER**  
University of Bogotá Jorge Tadeo Lozano | Jan 15' - Apr 18'  
I always like to improve each process, this degree allowed me to learn about automation in all the possible areas. I chose robotics as my other passion this allowed me to be a hardware developer.
- **COLLEGE - TECH IN ROBOTICS AND AUTOMATION**  
University of Bogotá Jorge Tadeo Lozano | Aug 11' - Apr 14'  
I started with this degree because I always wanted to make robots and in my country this was the only way to do it. Im glad now to make this decision. Here I learned all techniques that I know.

## PROFESSIONAL SKILL

### RECRUITMENT & SEEKER

## LANGUAGE SKILLS

## CORE COMPETENCES

- High Networking
- Sourcing
- Fluid Communication
